Work Instruction
TD-195

TD-195

Release date: **19 August 2020**

TD-195 is caused by missing files in Windows 10.

To resolve this issue please following the following work instructions.

Confirm which version of Windows 10 you have 32-bit or 64-bit.
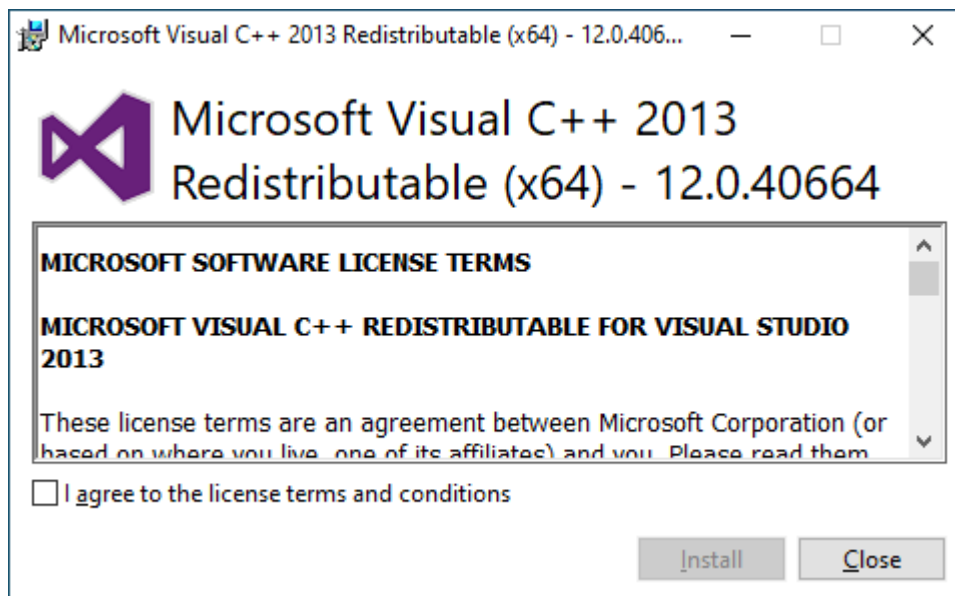

Download the corresponding file.

vcredist_x64.exe
https://aka.ms/highdpimfc2013x64enu

vcredist_x86.exe
https://aka.ms/highdpimfc2013x86enu

Run the installer.

Tick the box beside '**I agree to the license terms and conditions**' and click **Install**.

TD-195 Work Instruction.docx   Page 1 of 2

Click **Close**.

Open Template Designer, the application should now open and run without issue.
